- A. Flammable liquids are not permitted.
- B. Liquefied petroleum gases (Butane, Propane, etc.) are not permitted on or in any type of vehicle, boat, trailer, or in any exhibit.
  - 1. Vehicles that have removable propane tanks are not permitted to enter the building unless the propane tank(s) have been removed.
  - 2. Vehicles with built-in propane tanks that cannot be removed are not permitted to enter the building unless a notarized affidavit accompanying the vehicle indicates:
    - a. Propane tanks are new and have never contained propane or,
    - b. Propane tanks have been emptied and purged.
- C. If a vehicle is part of a display, where permitted, the exhibitor must ensure that there is ¼ tank of gas or less, the gas cap has been locked, and the battery has been disconnected.
- D. All drapes, curtains, tenting, decorations, tablecloths, etc., must be inherently fire resistant or flame proofed, unless made of non-combustible material. An original notarized certificate attesting to a material's fire resistance or flame proofing must be provided at the exhibit and available for inspection by the Fire Marshal.
- E. All exits, passageways, vestibules, lobbies, and fire passageways must be clear for their full width. They shall not be used for exhibits, tables, or storage.
- F. Open flame devices are not permitted.
- G. Cooking for demonstration purposes, where permitted, shall be by electrical appliances only and in locations approved by the Fire Marshal. If cooking is permitted, it must be kept clear of combustible materials. Deep fat frying is not permitted. Exhibitors are required to keep a working fire extinguisher within their booth. Please note, most Fire Marshals will request to see the extinguisher.
- H. The use of noxious, toxic, flammable substances, such as paint, stain, polyurethane or anything of the like, is not permitted during the show set-up.

### **Flyers:**

Placement of flyers on cars in the parking lot is strictly prohibited. Exhibitors found placing flyers on cars in the parking lot will receive a bill from the facility for clean up and custodial personnel.

### **Information and Service Desk:**

For any questions regarding the show onsite, please visit the American Consumer Shows' Information Booth, located in the lobby or on the show floor. The electrician will be on-site to help with your electrical requirements. For inquiries related to advance shipping, carpeting, and furnishing, please see the decorator representatives at their service desk, located in the lobby or on the show floor. All representatives will be available on-site during set-up and breakdown to facilitate exhibitor needs.

### **Janitorial Services:**

The general public areas will be cleaned frequently during and after the show each day. Please place all garbage (boxes, papers, etc.) in the facility receptacles. Please note, it is the responsibility of the exhibitor to remove all trash. This includes but is not limited to construction and landscaping materials such as paving stones, dirt, etc. Do not leave large trash items on the show floor; you must take them with you.

### **Labor:**

American Consumer Shows will have personnel available to assist exhibitors for the move-in day. There is no charge for this service. Complimentary forklift service will be available during allocated move-in and move-out hours.

### **Move-In and Set-Up Instructions:**

- A. If your exhibit contents were shipped in advance to the warehouse, they will be delivered directly to your booth.
- B. If you are bringing your own exhibit contents or a carrier is delivering them to the facility, please try to fit all of the contents into one vehicle.
- C. As soon as your vehicle arrives at the facility, check in at the HOME SHOW VEHICLE CHECK-IN (please follow the signs). Once checked in and on line, ACS or security personnel will instruct you further. Labor will be available to assist exhibitors with unloading, if necessary.

- D. Move-in can be very long and tedious; please be patient. We will move the line as quickly as possible. Some vehicles may be taken out of line based upon clear access to a particular booth.
- E. In many venues, vehicles are not permitted to drive into the exhibition hall to unload.
- F. Once your vehicle has been unloaded, immediately park it in the designated exhibitor parking area. Never leave your vehicle locked or unattended in the loading area. Vehicles parked in the loading area will be ticketed and towed at the owner's expense.
- G. If your exhibit is arriving by an outside carrier (i.e. UPS, Fed-Ex, or non company/private owned vehicle), a representative from your company must be available to sign for your exhibit contents. Show Management strongly discourages exhibitors from sending packages via UPS/Fed-Ex (or the like) to the facility. Small items tend to get "misplaced." Instead, we suggest sending smaller items to your hotel. Be sure to bring your tracking number.
- H. Please bring your own wagon, cart or dolly for both move-in and move-out.
- I. Independent companies hired to work for an exhibitor must provide a Certificate of Insurance to American Consumer Shows thirty (30) days prior to the show.
- J. All exhibits must be completely assembled one hour prior to the show opening.
- K. Any exhibits extending to the front of the exhibit space above the 3' side curtain must be finished or draped, at the exhibitor's expense. Signage may not intrude upon neighboring exhibits.
- L. Move-in is the most difficult time to provide security because there are so many vehicles and boxes coming in and out. If you have small or valuable items in your exhibit, be certain to have one person remain with your exhibit at all times.
- M. You may store your empties in your own vehicle; ensure that they are available for move-out.
- N. Trash removal of large construction items is your responsibility. Do not leave large items on the show floor, and do not put them in the dumpster

#### **Move-Out and Breakdown Instructions:**

- A. Detailed move-out instructions will be distributed on show-site.
- B. Please ensure that your entire exhibit is dismantled and packed prior to requesting a move-out pass or bringing your vehicle to the loading area. **DO NOT GET YOUR VEHICLE UNTIL YOU HAVE BEEN INSTRUCTED TO DO SO.** Do not lock your vehicle or leave it unattended in the loading area at any time.
- C. If your display requires a forklift, please notify the Move-Out Coordinator immediately following the conclusion of the show. Names will be taken for forklift assistance. Be patient, as everyone would like to be the first out. You may not bring your vehicle to the loading area until your exhibit has been completely packed. At that time the Move-Out Coordinator will instruct you when to get your vehicle.
- D. Never leave your exhibit contents unattended during move-out. This is a very difficult time to provide security.
- E. At some venues you have the option to ship your exhibit contents back to the decorator's warehouse for later pick-up via common carrier. Make sure you provide the contractor with the proper paperwork. There is a charge for this service. Please speak with the decorator representative to make arrangements.
- F. All exhibits must be removed by 8:00 PM on the last day of the show. Any exhibit contents that have not been removed by 8:00 PM will be subject to packing, shipping and storage charges.

#### **Noisemaking Equipment:**

Devices that produce sound must be operated at levels that will not disturb other exhibitors. The facility and American Consumer Shows reserve the right to determine the acceptable sound level in such instances. Failure to comply may result in ejection from the venue.

#### **Outstanding Balances:**

Exhibitors with a past due balance will not be allowed to exhibit until all such balances are paid in full, no exceptions. If you have an outstanding balance, please mail your payment or [click here](#) or visit [acsshows.com](http://acsshows.com) > I Am An Exhibitor > Pay For Your Booth Online to make a payment online.

### **Oversized Display:**

If your exhibit is an actual trailer, vehicle, sunroom, shed, or oversized display, you are required to contact the American Consumer Shows Operations Department. Please call 516.422.8100 or e-mail [ops@acshomeshow.com](mailto:ops@acshomeshow.com) to make move-in arrangements at venues that can accommodate oversized displays. Please double check measurements to ensure that your display will fit through the door of the facility and within your booth space. Based on booth location, oversized exhibits are oftentimes the first ones inside the venue. Please consult with the move-out coordinator on-site regarding move-out procedures. Note: this section applies only to venues where oversized displays are permitted. Please contact the Operations Department if you are unsure.

### **Products & Services to be Exhibited:**

Only those products and services listed on the exhibitor contract may be exhibited at the show. Should different and/or additional items be displayed, Show Management has the right to ask that they be removed. Failure to comply may result in ejection from the show and forfeiture of booth cost.

### **Refunds for Exhibit Space:**

Refunds will not be made, in whole or in part, for unused exhibit space. Should the contracted exhibit space remain unoccupied within two hours of the show start on the opening day, American Consumer Shows may assign it to another exhibitor or use it without obligation. All outstanding balances will remain due irrespective of American Consumer Shows reassigning such space.

### **Sales Tax & Permits:**

All exhibitors are required to collect sales tax where applicable. The State Department of Taxation prohibits the selling of taxable merchandise or services at a show or event by all persons that have not registered for a valid Sales and Use Tax License. For your convenience, applications can be completed online; refer to the Exhibitor Kit under "*Tax Information*" for additional information. Please remember to print a copy of each page during the online registration process to keep for your records. It is the obligation of the exhibitor to obtain and clearly display a copy of the Certificate or License within their booth.

It is the responsibility of any exhibitor playing music at the show to obtain any necessary permits from ASCAP. Failure to obtain the required permits will be considered a breach of contract by the exhibitor, and the exhibitor shall be liable for any damages incurred by American Consumer Shows.

### **Security:**

At the close of each show day, American Consumer Shows management will walk the show floor to ensure that everyone is out of the exhibition hall, at which time the facility is deemed secure and will be locked down.

Doors will open to exhibitors each morning one hour before the show opens to the public. For preparation and security purposes, at least one member of your company must be present at these times. American Consumer Shows does not guarantee exhibitors against loss, nor does it imply any assumption of liability for exhibitor's property.

### **Shipping Information:**

- A. **Advance Shipping to Warehouse:** Exhibitors may ship their exhibit contents to the decorator's warehouse prior to the home show for a fee. Such contents will be stored and delivered directly to your booth before the show. Please contact the service provider directly for detailed instructions and costs associated with this service.
- B. **Direct Shipments to the Facility:** Exhibitors may ship by common carrier of their choice directly to the facility, only on the move-in day, during the move-in hours. Freight will not be accepted prior to this date. Under this shipping method, there are no additional warehouse charges. All exhibit materials that are shipped directly to the facility must be delivered to the loading area of the exhibition hall. Employees of American Consumer Shows and the facility are not authorized to sign and accept any shipments whatsoever. If personnel from your company are not available to sign and accept your exhibit contents, your carrier will not be permitted to leave your exhibit contents at the facility.

C. **POV:** Personal Occupancy Vehicles are the most common form of to-show shipping. If you are bringing your own exhibitor contents or a carrier is delivering them to the facility, please try to fit all of the contents into one vehicle.

*\* Important: Do not ship your exhibit contents directly to the facility prior to the move-in day. The facility will not receive any advance shipments (unless otherwise specified).*

**Signs & Banners:**

Signs and banners may be suspended from the back wall curtain of your booth. The decorator will have sign hooks available that fit around the 10' pipe holding up the back curtain. Please ensure that your banner or sign has grommets along the top. Written approval from Show Management is required for any signage extending above 8' high. Please note, sign copy is limited to one side only and should be displayed above your booth. Signage must not encroach on neighboring displays, no exceptions.

**MEMORANDUM**

**TO:** Registered Environmental Health Specialists, Program Supervisors, and Managers

**FROM:** Shane Smith, REHS, Branch Head  
Food Protection and Facilities Branch

**SUBJECT:** **Permitting of Temporary Display Spas**

In 2021, the North Carolina General Assembly passed Session Law 2021-77, which amended G.S. 130A-280 to include “spas operating for display at temporary events” in the definition of public swimming pools. This amendment requires local health departments to permit display spas at temporary events effective, July 1, 2022. The rules for Display Spas at Temporary Events (DSTE) have been incorporated into the Rules Governing Public Swimming Pools, 15A NCAC 18A .2500.

The newly adopted rule, 15A NCAC 18A .2545, requires DSTEs, as defined in Rule .2508, to obtain a permit from the local health department (LHD) prior to operating. The applicant will be required to submit a permit application to the LHD that serves the county in which the temporary event is located at least 15 days before commencing operation of the DSTE. The applicant will be required to pay the permitting fee, established by the LHD, at the time the application is submitted. Permits will be required to be posted and visible to the public during the event. DSTEs will be required to maintain minimum water quality standards, records of water quality measurements, and signage stating the spa is for display only. The permit and inspection checklist form will be posted on our protected forms site and will be available for printing and distribution in the next annual print order. If there is a need for the form prior to posting, please contact your Environmental Health Regional Specialist. The updated rule language for [Rule .2508](#) and [Rule .2545](#) is available and will be included in the updated 15A NCAC 18A .2500 rulebook.
